THE AMAZING COLLECTION

Pat committed her life to Jesus Christ at the age of thirty-two after He powerfully intervened and healed her broken marriage. After eight years of study, she began teaching the Bible to women, convinced that it was the Word of God that offers help and hope for women today. She is now the founder of Big Dream Ministries, Inc which produces The Amazing Collection and often speaks at retreats and conferences.

RIVERS OF PRAISE MINISTRIES

Most at peace singing to her Lord Jesus, Verna is constantly amazed at how God uses her past experience of performing in nightclubs to bring glory to His name in the here and now. Verna's passion is for training up a new generation in worship leading and personal devotion to Christ.
